

MOTHER OF GIRL DEFENDS RICKARD

**Breaks Into Daughter's
Testimony to Declare Be-
lief in Promoter.**

By the Associated Press.
NEW YORK, January 26.—Alice Ruck, fifteen years old, East Side schoolgirl, testified last night in city court that she had been assaulted several times by Tex Rickard, inter-nationally known sport promoter.

The little girl was on the stand nearly three hours. Because of the nature of the testimony all persons not directly interested in the case were barred from the courtroom. The Ruck girl said Mr. Rickard first attacked her in his office in the tower of Madison Square Garden last August. While she was describing this, sobbing a bit and talking in a whisper, her mother, a domestic, rushed before the magistrate and shouted: "I don't think Mr. Rickard had anything to do with my child."

The mother was removed to an ante-room, and after the case had been adjourned for the night, she pleaded to be allowed to take her child from the custody of the Children's Society, which preferred the charge.

The girl testified that Rickard subsequently attacked her on several occasions in apartments near 5th avenue and 47th street, the last time on New Year day. On all but one occasion she went to the place with her eleven-year-old companion, Annie Hess, she said.

Each time, she said, the promoter gave them money and asked them "not to tell anybody."

Society's Doctor Testifies.
Dr. W. Graves (child physician for the Children's Society), gave testimony tending to confirm the girl's statement that she had been attacked.

It was brought out in cross-examination that the story the two girls told at Bellevue Hospital when they said they had taken iodine upon reporting there late at night on January 13 was fiction. They told a lie, the witness admitted, in telling hospital attendants that they had been kidnapped and a rag soaked in chloroform put over their faces. These stories were told, the said, in an attempt to get lodging at the hospital overnight, as they feared to go home at a late hour.

The girl, who appears to be much younger than she is, testified she had a predilection for motion pictures, and said she carried a newspaper photograph of Rickard in the cuff of her coat sleeve for three months.

The hearing will be resumed next Monday night.

SCHEME TO CHECK CRIME.

**Night Patrolmen in Kansas City
to Discard Uniforms.**

KANSAS CITY, Mo., January 26.—All-night patrolmen will discard uniforms for the next month and wear civilian clothes in an attempt to check crime, John E. Wilson, police commissioner, has announced.

Clerks and general utility men, who have been working in offices, will take up beats.

Only traffic patrolmen and motor squads protecting the residence sections will continue in uniforms.

Tells Girls to Don Skirts Over Ski Togs Or Face Church Ban

By the Associated Press.
OTTAWA, Ont., January 26.—Young women who come to church in skirting costumes "without skirts" will be put out, Rev. Father O'Gorman, pastor of the Church of the Blessed Sacrament, announced Sunday. He declared that in the future he would no longer permit girls to attend services in regulation breeches, jersey and jacket than he would permit men to come to church in rowing togs.

LEFT TEXAS BEQUESTS.

London Society Leader Was
Daughter of Gen. Wadsworth.

LONDON, January 26.—Mrs. Cornelia Adair, who died last September at Corsham, near Bath, left property in the United Kingdom of a gross value of £40,840, says the London Times this morning. According to the newspaper she left \$35,000 to the Adair Hospital at Clarendon, Tex., and \$10,000 to St. Matthew's Home for Children, Dallas, Tex. In addition she made bequests to Irish churches, members of her household and the staffs on her ranch in Texas.

Mrs. Adair was a daughter of the late Gen. James S. Wadsworth of New York, who was killed in the battle of the Wilderness. For years she was prominent in English society. She was eighty-four years old when she died.
